

5TH EDITION

SKIN Summer School

JUNE 20/22, 2016
UNIVERSITY OF PAVIA

SAFETY ASSESSMENT OF INGREDIENTS
AND COSMETIC PRODUCTS

The 5th edition of the Skin Summer School, "Safety Assessment of ingredients and cosmetic products", will take place from **20 to 22 June, 2016** in Pavia.

The **Skin Summer School** aims at providing some basic elements on problems related to skin as substrate for cosmetics and dermatological preparations. Moreover, it aims to provide best practices specifically related to claim support.

WORKSHOP:

"Cosmetic product safety assessment: case studies in cosmetovigilance and choice of packaging following 2016 guidelines"

Conference President

Prof. Paola Perugini

Scientific Secretariat

Dr. Priscilla Capra

MONDAY JUNE 20

8:00 -9:00 School registration

9:00-9:15 Opening remarks (P. Perugini, University of Pavia)

Regulatory framework for Ingredients

9:15-10:00 REACH regulation (F. Bernacchi, Cosmetica Italia, de Lusofona, Lisboa)

Milano)

10:00-10:30 SDS and labels after one year of CLP application(Berardesca, San Gallicano, Rome)

to mixtures.(M.L. Visconti, EPY, Milano)

10:30-11:00 Coffee break

Study protocols for cosmetic safety testing

11:00-11:30 Evaluation of alternative test (E. Corsini, University of Milan)

University of Milan)

11:30-12:00 ECVAM validation process (L. Gribaldo, ECVAM)

12:00-12:30 Overview on skin toxicology aspects (N. Dayan, L.L.C., USA)

L.L.C., USA)

12:30-13:00 Overview on nail diseases and allergic reactions

to topical products

13:00-14:00 Lunch

“In vivo” safety evaluation

14.00-14.30 Bioengineering strategies to assess the safety of ingredients and finish products (C.Rosado, Universidade

14:30-15:00 Clinical studies for safety assessment

Focus on Ingredients

15:00- 15:30 UV Filters, Sunscreens and their effects on Skin

(G. Giancola, TRI Princeton, USA)

15:30- 16:00 UV filters (Respharma, Italy)

16:00-16:30 Coffee break

16:30-17:15 Safety and fragrance (IFRA)

17:15-17:30 Questions and answers

17:30-18:30 TEXTURE BAR

18:30-20:00 Welcome Party

TUESDAY JUNE 21**Focus on microbiome**

9:00-9:45 The skin microbiome: the role of cosmetic product

(L. Drago, Istituto Galeazzi, Milano)

9:45-10:30 The scalp microbiome and correlated disorders

(N. Dayan, L.L.C., USA)

10:30-11:00 Coffee break

11:00-11:30 The choice of the appropriate preservative (v.

Tofani, Pharma Cosm Polli, Milano)

11:30-12:00 Probiotics and skin microbiome (A. Papetti,

University of Pavia)

12:00 -12:30 Microbiological risk assessment (S. Boracchi,

Ager, Milan)

12:30-13:00 Questions and answers

13:00-14:00 Lunch

Focus on Packaging

14:00-14:45 Packaging requirements for cosmetic products: publication of new guidelines (G. Renner, Cosmetics Europe,

Bruxelles)

14:45-15:00 Technical Data Sheet of final packaging: towards an evolution (P. Perugini, University of Pavia)

15:00-15:20 Basic simulant for packaging compatibility (B. Briasco, University of Pavia)

15:20-15:40 Product packaging compatibility testing: the evolution of the content – containing interaction in cosmetics.

(S.De Vaugelade, Expertox, Paris)

15:40:16:00 Questions and answers

16:00-16:30 Coffee break

Company presentation

16:30-16:45 Eurofins (Milano)

Research section

17:00-17:15 In vivo characterization of nails

17:15-17:30 In vitro testing (T. Sbrana, Ivtech, Pisa)

17:30-17:45 Nail Strain Stress meter NM100

18:00 Best poster award**WEDNESDAY JUNE 22****Workshop****“Cosmetic product safety assessment: news in cosmetovigilance and compatibility with packaging”**

9.00-9.30 Explanation of new guidelines for packaging compatibility evaluation (G. Melato, Cosmetics Italia,)

9.30-10:00 A cosmetovigilance survey in Europe and in Italy

10.00 – 10.30: Setting up of working groups and explication of the project work

10.30 – 10.45: Coffee break;

10.45 – 11.00:Practical session:

12.30 – 13.00: Discussion and conclusion of the work.
